Right: Kendra Landaker
new SOOGA Executive Secretary, left.

Happy New Year from the SOOGA Board of Trustees!!

THE CROW'S NEST

As 2022 comes to an end, so does my term as SOOGA President. It is hard to believe how quick two years have come and gone. It has been a pleasure to serve this great membership.

As I think back to when I became President, I remember wondering, “how are we going to navigate with the lingering effects of Covid?” With the help of a united membership and Board of Trustees, we were able to hold most of our events and add our first Industry Appreciation Boat Ride which was a great success. This year we were able to hold all of our events, including a Second Chance Gun Raffle and our now annual Industry Appreciation Boat Ride. During these unprecedented times, our members stood up united, and kept pushing forward against the hardships of Covid-19 along with other hurdles. I am so proud to have represented SOOGA over these past couple of years and I know it will only continue to grow thanks to the hard work of our board and dedicated members. As I now step into the past president role, Winnie Sinnett will become the new President of SOOGA. Brian Chavez will become the Vice President and Dan Corcoran will step up to the executive committee as Secretary. I am confident that SOOGA is on the right path and this incoming group will further grow and improve our great organization.

With the start of the new year, there will be some changes to our SOOGA Administration. After 16 years of service, our Executive Secretary, Billie, will be retiring. I know Billie will be greatly missed by the board of trustees and the entire membership. Billie has been the backbone of our organization and kept it running smoothly: I wish Billie a happy retirement. Kendra Landaker will become the new Executive Secretary for our organization. Kendra has been with us since June so most of our members have probably seen or spoken with her. Kendra has done a great job for us and I know she will only continue to do the same as she steps into her new role. Another change we will see is our Treasurer. John Albrecht, who will also be stepping away after his years of service. John has volunteered many hours of his time to this organization and for that I thank him. Stepping in as the new Treasurer will be Abby Eichmiller. Abby will be another great asset to the organization. Please introduce yourselves to Kendra and Abby as they learn all the new faces.

We are working to finalize our calendar of events for next year. You will see some changes in venue with our Spring Meeting and Clay Shoot. We are currently working on a fall event, we will get this information out to everyone as soon as possible so they can get it on their schedule. If you have any questions, please don't hesitate to reach out to the SOOGA office or a Board Member.

Lastly, I would like to wish everyone a Happy and Prosperous 2023 and always remember to:

Stand Tall, Stand United and Keep Pushing Forward!

Jared Stevens
President

Nonsalt	864	867	-3	-3	843	2.5	829	4.2
Total	3,462	3,483	-21	-21	3,513	-1.5	3,520	-1.6

Totals may not equal sum of components because of independent rounding.

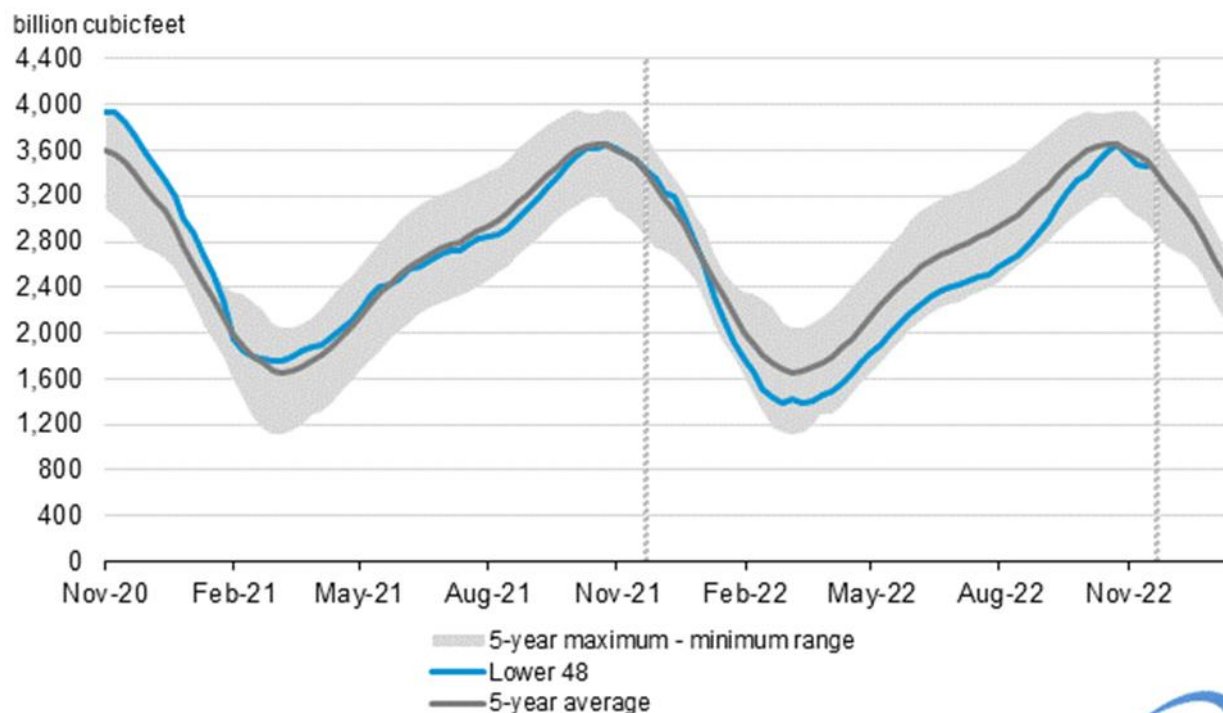

Summary

Working gas in storage was 3,462 Bcf as of Friday, December 2, 2022, according to EIA estimates. This represents a net decrease of 21 Bcf from the previous week. Stocks were 51 Bcf less than last year at this time and 58 Bcf below the five-year average of 3,520 Bcf. At 3,462 Bcf, total working gas is within the five-year historical range.

(continued to page 5)

(continued from page 4)

Working gas in underground storage compared with the 5-year maximum and minimum

Data source: U.S. Energy Information Administration

**Prices/Supply/Demand**

- **Supply:** According to data from PointLogic, the average total supply of natural gas fell by 0.6% (0.6 Bcf/d) compared with the previous report week. Dry natural gas production decreased by 0.6% (0.6 Bcf/d) to an average 100.2 Bcf/d, and average net imports from Canada were relatively unchanged from last week at 5.1 Bcf/d.
- **Demand:** Total U.S. consumption of natural gas rose by 8.6% (7.2 Bcf/d) compared with the previous report week, according to data from PointLogic. Natural gas consumed for power generation climbed by 8.8% (2.5 Bcf/d) week over week. Industrial sector consumption increased by 2.2% (0.5 Bcf/d) week over week, and in the residential and commercial sectors, consumption increased by 13.4% (4.2 Bcf/d). The West and Midwest regions experienced colder-than-normal temperatures this week. Natural gas exports to Mexico decreased 3.0% (0.2 Bcf/d). Natural gas deliveries to U.S. LNG export facilities (LNG pipeline receipts) averaged 11.8 Bcf/d, or 0.2 Bcf/d higher than last week.

North East Prices:

- In the Northeast, at the Algonquin Citygate, which serves Boston-area consumers, the price fell \$5.01 from \$9.91/MMBtu last Wednesday to \$4.90/MMBtu yesterday. At the Transcontinental Pipeline Zone 6 trading point for New York City, the price decreased \$2.27 from \$6.73/MMBtu last Wednesday to \$4.46/MMBtu yesterday. In the Appalachia region, the Tennessee Zone 4 Marcellus spot price decreased \$1.54 from \$5.60/MMBtu last Wednesday to \$4.06/MMBtu yesterday, and the price at Eastern Gas South in southwest Pennsylvania fell \$1.86 from \$5.86/MMBtu last Wednesday to \$4.00/MMBtu yesterday. Temperatures in the Boston Area averaged 44°F this report week, 5°F above normal, leading to 34 fewer HDDs than is normal for this time of year. In the New York-Central Park Area, temperatures averaged 46°F, resulting in 26 fewer HDDs than normal. And in the Pittsburgh Area, temperatures averaged 39°F, which resulted in 16 fewer HDDs than normal.

(continued to page 6)

(continued from page 5)

LNG

- **Pipeline receipts:** Overall natural gas deliveries to U.S. LNG export terminals increased by 0.2 Bcf/d week over week to average 11.8 Bcf/d this report week, according to data from PointLogic. Natural gas deliveries to LNG export terminals in South Louisiana decreased by 0.1 Bcf/d to 8.4 Bcf/d, while natural gas deliveries to other LNG terminals increased by a combined 0.3 Bcf/d to 3.4 Bcf/d.
- **Vessels departing U.S. ports:** Twenty-three LNG vessels (nine from Sabine Pass, four each from Cameron and Corpus Christi, three from Calcasieu Pass, two from Cove Point, and one from Elba Island) with a combined LNG-carrying capacity of 85 Bcf departed the United States between December 1 and December 7, according to shipping data provided by Bloomberg Finance, L.P. Seven more vessels departed the United States this week compared with last week. Ship loadings were lower last week as a result of pilot services on Gulf Coast waterways being suspended or reduced due to fog.

FOR RENT: BUILDING 12

FEATURES, AMENITIES & SPECIFICATIONS

Building 12 (downstairs right-hand corner unit) located in Complex 3, 2337 State Route 821.

Features include:

- Premier location
- First floor
- Approximately 3,100 sq. ft.
- Open office concept
- 1 Executive office
- 1 office / copier room
- 1 training / conference room
- Fiber
- 2 ADA restrooms
- Kitchenette
- Mechanical room
- Plenty of level parking
- 24 hour security cameras in complexes
- Directory and door sign

All properties include concrete entrance, driveway, and parking spaces. Directory signage at entrances and on buildings is provided by Broughton Commercial Properties. Monthly fees include snow removal, lawn maintenance, sewer, lot repair.

SAFETY CORNER

Winter Driving Safety

Article provided by: O'Brien's Safety Services

Driving safety is an integral part of safety in the workplace. Driving becomes more challenging in inclement weather, and to avoid problems, extra caution must be taken both in your driving habits and your vehicle preparation.

When roads are slick or slippery, slow down. It takes longer to slow down and eventually stop your vehicle in poor weather, and the heavier the vehicle, the more critical it becomes to reduce speed. Increase the following distance between cars to allow for this increased stopping time.

Avoid risky behaviors and distractions while driving in poor road conditions, including texting and driving while impaired, as these items can affect things such as coordination, judgment, perception and reaction time, all vital elements required for safe driving in hazardous environments. Remember to always wear your seat belt.

Ensure that your vehicle is prepared for safe winter driving by checking tires, batteries, belts, headlights, windshield wipers and washer fluid. Be alert for any damage that may need repair or replacement.

If you are stuck in wintry weather, stay with your vehicle, keeping your lights and interior dome light on, if possible. Be mindful of carbon monoxide poisoning, only running your vehicle when necessary and ensuring that your exhaust is not snow-covered. It's a good idea to keep your fuel tank close to full whenever possible if driving in wintry conditions.

Carry items and supplies in your vehicle such as a snow shovel, ice scraper, jumper cables, a flashlight, blankets, water and food in case of emergency. Also, abrasive material such as sand or kitty litter can come in handy if your vehicle becomes stuck in the snow.

Preparation for travel in wintry conditions is the key arriving safely at your destination.

AMERICAN REFINING GROUP, INC.

PRESS RELEASE

Dec. 1, 2022

ARG expands hydrotreated base oil product line

BRADFORD, Pa. – American Refining Group Inc. (ARG) announced this week the expansion of its hydrotreated base oil product offerings.

ARG President and Chief Operating Officer Jon Giberson said, “We are pleased to introduce a selection of new hydrotreated base oils with improved color, oxidative stability, and reduced sulfur content.”

ARG’s line of new hydrotreated base oils includes Kendex® 0070, 0100, 200H, 250H, 300H, 325H, 500H and 600H.

Giberson said, “American Refining Group stands for unrivaled quality in refined products. From our reliable ARGold Legacy™ and the well-received ARGold™ bright stocks, to Kendex® 0060HT and 0150H, these new hydrotreated base oils add still more versatility to the ARG product line that our customers rely on and trust.”

Giberson added that the new hydrotreated base oils may be of particular interest to blenders of industrial lubricants such as process oils, hydraulic and gear oils, as well as elastomer, rubber, and plasticizer applications.

Made in Pennsylvania, ARG’s products are regionally sourced and widely distributed to various industries. To learn more, visit www.amref.com/products/ and reach out to an ARG salesperson with any questions via the product inquiry form.

Established in 1881, ARG’s unique facility is situated on approximately 131 acres in Bradford, Pennsylvania, the heart of McKean County and the birthplace of the U.S. domestic oil industry more than 100 years ago. The refinery has a rated capacity of 11,000 barrels per day and processes light, sweet, paraffinic crude. This type of crude is available domestically, and ARG purchases most of its crude from sources in Pennsylvania, Ohio, New York and West Virginia.

ARG feedstocks are converted into high-quality waxes, lubricant base oils, gasoline and fuels, as well as a wide variety of specialty products. American Refining Group’s state-of-the-art blending and packaging facilities produce a full spectrum of finished lubricants. These products are available in a broad range of package sizes, including bulk, and can be delivered by rail or truck. The facility’s commitment to quality is proven through its packaging plant and refinery’s certifications to ISO 9001:2015 and Made in USA standards.

For more information about ARG, visit www.amref.com or follow the refinery on Facebook and LinkedIn.

Today there are over 6,000 products refined from Natural Gas and Crude Oil.

Stow, Ohio family. Photo courtesy of National Geographic.

Plastics

Plastics come in a large variety from sporting equipment, storage containers, toys, toothbrushes, artificial hearts to everyday household products.

Synthetic Fabrics

Nylon, Orlon, Dacron and Dynel are all made from petroleum. Parachutes, carpets, rope and Astro-Turf are made from these synthetic fabrics.

Synthetic Rubber

Synthetic rubber was developed during World War II. Today, we find it in gloves, tennis shoes, boots, tires, swimming floats, hoses, stoppers, rubber bands, belts, skate wheels, shoe heels and balloons.

Carbon Black

Carbon Black is used in paints, inks, rubber, cement, batteries, televisions, radios and computers.

Medicines

Medicines such as aspirin, antihistamines, Vaseline, alcohol, ammonia, antibiotics and antiseptics all contain petrochemicals.

Waxes

Waxes are used to make waxed paper, candy, gum, candles, crayons and soap.

Cosmetics

Soap, cleansing creams, toothpaste, shampoo, hair spray, lotion, cologne, baby oil, lipstick, lip balm, nail polish, hand cream, shaving cream and suntan lotion among others all come from crude oil!

Natural Gas and Propane

Nearly 7 out of every 10 homes are heated with natural gas. We also use it to cook food, dry clothes and heat water. Businesses use it in many ways, from cooking to fueling high temperature blast furnaces.

Fuels

Gasoline, jet fuel, kerosene and other products help fuel automobiles, trucks, motorcycles, airplanes, golf carts, lawn mowers and edgers.

Which of these products do you use everyday?

Fact: The average U.S. citizen uses 3 gallons of these refined petroleum products each day!

2022 MEMBERSHIP DRIVE

The SOOGA Board of Trustees would like to thank everyone for the support of our organization. SOOGA is a grass roots organization established in 1978 to provide for the needs and concerns of the oil and gas industry and the specific needs of the Southeastern Ohio and West Virginia oil and gas industry.

Our industry has experienced its' share of highs and lows. Currently we are in the midst of unprecedented challenges. The issues at hand, whether regulatory, environmental or economic, are challenges aimed at the way we do business and will impact our livelihood.

SOOGA has dedicated leadership that is connected to the issues at hand and a collective voice heard by the people who can make a difference.

The Oil and Gas Industry has endured major change and is repeatedly addressing new issues that affect our industry. Make your voice heard, stay involved and encourage your associates to be involved.

Now more than ever your SOOGA membership is valuable. By staying involved in your organization you have the ability to stay ahead of the issues that will affect your business. Gas and Oil Prices are up, invest in your future. Convince your peers to join SOOGA.

Member Who Signs Up The Most Paid New Members By December 31, 2022

Will win \$100 per Membership up to \$500

(Prize Money is Donated by The Trustees personally)

To receive credit for New Members, your name must be listed as referred by on application.

[Don't Wait, Start Signing up Those New Members](#)

Winner Will Be Announced at the 2023 Membership Appreciation Meeting in April.

(Board members and employees are excluded)

OOGEEP's Essential Ohio Energy Campaign Educates Millions on Oil and Gas

The role natural gas and oil play in all Ohioans' lives cannot be overstated. Despite energy being a popular topic of discussion around many dinner tables, many still struggle to understand how integral the industry is in their everyday lives. That is why the Ohio Oil and Gas Energy Education Program launched the [Essential Ohio Energy campaign](#) to educate Ohioans and those across the nation. The award-winning campaign features television and digital advertisements that have made more than 53 million impressions.

Initially launched in 2020, the Essential Ohio Energy campaign was relaunched in August. The campaign is focused on showing that no matter where we live or where we work, Ohio-produced natural gas and oil is essential to our lives. Many people think of transportation and electric generation when it comes to oil and gas, but these resources go much further in making life comfortable. In one ad the campaign shows viewers people cooking, farming, heating their homes, and even riding a rollercoaster, all of which are made possible with oil and natural gas. These ads have had a particularly positive impact on those who identify as independent or have no party affiliation.

The ad campaign also shows Ohio's critical role in making our nation successful throughout history and its importance in the future of energy generation. These ads show images of Thomas Edison, the Wright brothers, and Neil Armstrong, explaining how Ohioans have always answered the calls of our nation. Now the call is for affordable, reliable, abundant energy which Ohio can supply.

In October OOGEEP traveled to the Interstate Oil and Gas Compact Commission (IOGCC) Annual Conference where they accepted an award for the Essential Ohio Energy campaign. The 2022 IOGCC Chair's Stewardship Award for Energy Education recognizes organizations that have exceeded the call to enhance the nation's natural resources. The IOGCC represents 38 states and chose to highlight the work happening in Ohio when it comes to energy education.

All Americans need to understand the critical role the natural gas and oil industry plays in our national security, powering the nation and our everyday lives. As a top energy-producing state, educating Ohioans on the resources under their feet and how they are used is our mission. Throughout this campaign, we have not only been able to reach people but have left lasting impressions for them to pass on to others on how things are created and made possible with natural gas and oil.

For more information about the Essential Ohio Energy campaign, visit us on the web at: [EssentialOhioEnergy.com](https://www.EssentialOhioEnergy.com)

OBITUARIES

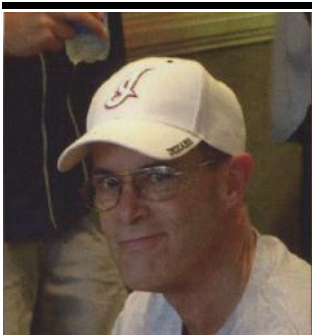

David L. Kehl, 58, of Lower Salem passed away at 7:15 pm, Sunday, November 13, 2022, at Marietta Memorial Hospital.

He was born on June 9, 1964 in Marietta a son of Lloyd and Glenda Tewanger Kehl. Dave was a farmer and he and his sons owned and operated Kehl Oil & Gas Enterprises. He was a member of the Creighton Ridge Church of Christ and the Masonic Lodge.

Dave is survived by 3 sons: Zackary Kehl, Caleb Kehl and Nicholas Kehl all of Lower Salem, dear friends Randy and Debbie Hughey. He was a hard working and loving father.

He was preceded in death by his parents, sister Donna Kehl Flannery and infant brother Raymond Kehl.

Messages of sympathy may be sent to the family at www.Lankfordfh.com.

Donald Paul Fox “Dutch,”

68, of New Matamoras, passed away Friday, December 2, 2022, at his home surrounded by his family, who will greatly miss him.

Donald was the son of Urban and

Helen B. Fox of Westlake, Ohio.

He is survived by his sons Glenn R. (Shelly) Fox and Jason P. Fox; brothers David U. Fox and Thomas Fox. He will be missed by all who knew him. He was a man who loved to help others, often putting others before himself. He made the world a better place just by being in it. Don was a man of many talents – his endeavors involved his love of geology and natural resources with his coworkers and good friends at Eastern Mountain Fuel.

Memorial service to be planned at a later date. Anyone who desires to help others, as the Dutch would have, are encouraged to make a charitable contribution to their favorite charity. Online tributes may be made

at www.RobertsFuneralHome.com

Darrol C. “Bud” Byers,

86, of Woodsfield, Ohio passed away Friday, October 28, 2022 at the WVU Wheeling Hospital, Wheeling, West Virginia.

He was born near Low Gap, Ohio on October 4, 1936 a

son of the late Kenneth and Lena Cline Byers.

He was a former construction worker and was a former teacher at Swiss Hills Vocational School near Woodsfield, Ohio having taught carpentry.

After his retirement from teaching he focused his talents in the oil and gas wells.

He was also a member of the Woodsfield Church of Christ, Woodsfield, Ohio.

Bud enjoyed his passion for horses in his spare time and spending time working on his farm.

In addition to his parents, he was preceded in death by two brothers, Donald Byers and Dwight Byers.

Surviving are his wife, Hattie Hines Byers whom he married on September 2, 1961; one daughter, Camala (Rick) Nye of Hudson, Ohio and her children Madison, Spenser and Lincoln; one son, Eric (Michele) Byers of Palm City, Florida and their children, Taylor, J.R. and Brandon.

Friends will be received at the Watters Funeral Home, 37501 State Route 78 West, Woodsfield, Ohio from 2:00 – 4:00 p.m. and 6:00 - 8:00 p.m. Wednesday, November 2, 2022.

In lieu of flowers and keepsakes, memorial contributions may be made to the Blessings in a Backpack, c/o Diane Burkhart, 48689 Keylor Hill Road, Woodsfield, OH 43793.
